

**SEARCHES OF STUDENTS & STUDENTS' PERSONAL PROPERTY**

A search of a student's personal property or clothing shall only be undertaken when there is a reasonable and particularized suspicion that the student is concealing an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students. The building principal or Superintendent must authorize all searches.

When the principal/Superintendent has reasonable suspicion that one or more students are carrying a prohibited object, article, or substance or are otherwise in possession of a prohibited object, article, or substance on school property or at a school-sponsored event, all personal property belonging to the suspected student(s) may be subject to inspection. When determining the scope of a search, the principal/Superintendent shall ensure that any measures adopted are reasonably related to the object of the search and not excessively intrusive in light of the age and sex of the student.

**Search Procedure**

For the purposes of this policy, personal property includes, but is not limited to: a student's vehicle, backpack, book bag, and/or purse. Students may also be asked to empty their pockets; however, strip searches shall not be conducted.

Searches of persons should be conducted in private by a school employee of the same sex as the student with a school employee present as a witness.

**Searches of Vehicles**

Administration or designee, with a witness present, shall conduct searches of student vehicles if the vehicle is parked on school property and if reasonable suspicion exists. The administrator shall make a reasonable attempt to contact the student who owns the vehicle and ensure s/he is present during the inspection unless an emergency situation is deemed to exist. If a vehicle is locked and its owner cannot be contacted or refuses to open it, the administrator or designee shall contact law enforcement.

**Involvement of Law Enforcement**

The principal/Superintendent may request the assistance of law enforcement to conduct any portion of a school-initiated search of a student/student's personal property that would pose a safety threat if conducted by school staff. In all other cases, law enforcement must have probable cause in order to search a student/student's personal property.

Illegal substances found during searches of students/students' personal property will be turned over to proper authorities.

**Reporting Requirements**

The administrator who authorized the search shall notify the Superintendent whenever a search has been conducted and shall complete a search and seizure report form to be retained in the suspected student's educational record.
