

PERSONNEL POLICIES REQUIREMENTS & IMPLEMENTATION

All parts of the school system exist for one purpose--to facilitate the educational development of youth. The excellence of teachers, administrative and professional staff, as well as all support personnel, will, in the long run, determine the success of the instructional program.

It will therefore be the policy of the Board to seek and to hold qualified personnel for all licensed, paraprofessional, and classified positions.

The Board will also seek to establish those personnel policies that will enable each staff member to make his/her fullest contribution to the programs and services of the school system. The Superintendent will administer the personnel program consistent with board policies. The Superintendent will develop all necessary and appropriate forms and procedures for the program including a systematic employee evaluation procedure.
