

**DROP OUTS**

Every effort should be made, and every agency utilized in improving the holding power of the district's schools. Every student should be counseled as soon as s/he is detected to be a potential dropout. When teachers are aware of a student showing dropout tendencies, they should notify the guidance counselor and principal.

Alternatives to regular attendance should be used in so far as they are effective and in accordance with state law in an effort to maintain and further the education of students who find it impossible to attend the regular school session.
