

POST-SECONDARY ENROLLMENT

The District shall comply with state law concerning dual enrollment. Students must be eligible, under state law, to enroll in dual credit courses in order to participate in this program. The principal shall make a determination of the number of college credits for which an eligible student is permitted to enroll on a case-by-case basis based on, but not limited to, the following:

1. The student's grade point average;
2. A recommendation from a counselor or principal;
3. Whether the postsecondary course in which the student wishes to enroll will overlap with a course currently offered by the District;
4. Whether the student has met requirements for high school graduation or the number of high school courses still needed to meet graduation requirements.

Although the District shall award a student high school credit for successful completion of a post-secondary course, no post-secondary course shall be substituted for a required high school course.

In addition to allowing students to enroll in college-level courses taught at post-secondary institutions, the District may offer courses that qualify for dual credit in cooperation with eligible institutions. Students enrolled in these courses may apply to the post-secondary institution for dual credit. Information about the requirements set forth by the post-secondary institution will be available from counselors and the teachers of the qualified courses.

End of McClusky School District #19 Policy GACCA..... Adopted: May 8, 2018
