

Mission:

Empower all students to think critically given the knowledge, skills, motivation, and respectful attitudes necessary to meet the challenges of a changing world.

Vision:

Together we strive for excellence.

Beliefs:

- All students can learn, want to learn, and have the right to a positive learning experience.
- Students learn in different ways and at different rates.
- Work has value.
- Each individual has value, dignity, and deserves respect.
- Every individual has the right to a safe learning environment.
- Individuals are responsible for their own actions and quality of their work.
- A supportive, caring and stimulating environment promotes learning.
- Quality education is a home, school, and community partnership.
- Learning is a life-long process.
- All students need to be responsible, productive, and proactive world citizens with global perspective.
