DAILY SCHEDULE

Preschool:	8:35 p.m. – 12:35 p.m.
Kindergarten through sixth:	8:35 a.m. – 3:10 p.m.
Seventh through twelfth grade:	8:30 a.m. – 3:12 p.m.

SCHOOL WIDE RESPONSIBILITIES

The following school-wide expectations have been established to benefit all.

1. For safety reasons, no parked cars are allowed in our bus lane between the approximate times of 8:00 a.m. and 8:30 a.m. (approximate time for last bus), and 3:00 p.m. to 3:20 p.m.
2. **Elementary students should not arrive at school prior to 8:05 a.m.**
3. When elementary students arrive, they will drop off book bags by the classroom and go to the multi-purpose room if they wish to eat breakfast.
4. When high school students arrive, they may proceed to the commons or breakfast area.
 - a. Students may also meet with a classroom teacher for assistance.
5. Students should comply with common courtesies.

DROP OFF & PICK UP PROCEDURES

Elementary School

No idling or parked cars are allowed in our bus lane between the approximate times of 8:00 a.m. and 8:30 a.m. (approximate time for last bus), and 3:00 p.m. to 3:20 p.m.

NON-ROUTINE BUS & PICK UP DISMISSALS

All students are required to ride their assigned bus to their designated departure point unless the parent has sent a written permission note to school with the child that he/she may go elsewhere at the end of the day. If something should come up during the day and you find it necessary to call the school and request your child be sent to a different location or be picked up by yourself or a friend, please let the office know by **2:00 p.m.** The office will not accept daily call-ins as this causes much confusion to your child, the teacher, and the bus drivers. If your child's transportation schedule varies, please send a written note daily so the classroom teacher can place your child on the appropriate bus or prepare him/her for parent pick-up. Students who do not have a written note or telephone message from a parent/guardian are expected to follow their usual after-school routine.

The school **must** be notified at least one day prior if a student or students are requested to ride a route bus as a guest. Call the high school's main office at 701-363-2470 if any changes are made to your child riding the bus.

ARRIVAL AND DISMISSAL

Parents who bring their elementary children to school are encouraged to drop their children off outside in the drop-off area. This fosters independence and helps our elementary children be responsible. The area is monitored during student arrival. **Parents who wish to visit and/or volunteer will need to sign-in and obtain a badge from the administrative offices located in the high school.**

ELEMENTARY DISMISSAL PROCEDURES

The elementary staff, along with administration, developed end of the day dismissal procedures and times. The reason these procedures have been implemented is for the safety of our students.

1. Bus students will be dismissed at 3:10 p.m.
2. In-town and pick-up students will be dismissed after buses have left in the elementary.
3. If parents want to pick up their children before they are dismissed by their teachers, they need to stop by the high school office to check them out. The office will then notify the classroom teacher.

Please understand the dismissal times are approximate times. Please be patient and wait for your child until they are dismissed.

EMERGENCY SCHOOL CLOSING

During inclement weather, early dismissal will be announced by the Power/SwiftK12 alert system, and our McClusky-Goodrich Public School Facebook page. Please call the school to update your Power/SwiftK12 Announcement information.

Parents are asked to use their own discretion to allow their children to ride the bus to school in questionable weather.

IMPORTANT: Please have a PRE-ARRANGED PLACE for your child to go in case school is unexpectedly dismissed and you will not be home. Make your child aware of that plan. **Storm Home forms are included in the back-to-school packets.**

WEATHER RESTRICTIONS FOR OUTSIDE RECESS

When cold weather approaches, we will follow these guidelines for weather restrictions when taking children outside:

0 degrees or above (considering wind chill) – Children can stay out for an unlimited amount of time; below 0 degrees is at the teacher's discretion.

Lunch recess time is spent indoors, due to inclement weather, in a classroom playing games or participating in activities. If students have been inside for a week, we will try to get them outside for a short amount of time just to run off some energy. Students should always dress for outside recess.

All children will be expected to go outside during their recesses. The elementary staff will be responsible for taking the daily weather into consideration when send the children outside. Three days is the maximum time allowed by a note from a parent to excuse their child from recess unless accompanied by a doctor's order. Students K-6 are not allowed to leave the school grounds. No student shall be in the building over recess unless directly supervised by a teacher.

HOT LUNCH CHARGING PROCEDURE

Although not required by law, the Board approves the establishment of a system to allow a student to charge a meal. This policy does not apply to adults, who are prohibited from charging meals.

Charging Procedure

The District shall allow students to charge up to 10 reimbursable meals, the cost of which shall be assessed to the student's parents. Whenever a student incurs a charge, the District shall send a written notice to the student's parent(s). If a pattern of charging continues, administration shall attempt to contact the student's parents and encourage them to complete a free and reduced meal application.

All charges must be paid within five working days, or a payment plan must be established. The District will vigorously pursue the collection of outstanding bills and shall, if necessary, rollover debt to the next school year, and shall, when necessary, refer past due accounts to collections. Collections fees shall be paid by the parent/guardian.

Fair and Accurate Credit Transaction Act Compliance

In order to comply with FACTA, which protects lunch charge accounts established by this regulation, the District shall implement the following measures:

1. Identify potential red flags indicating that an account has been compromised such as:
 - a. Parent reports that s/he has received a bill in error.
 - b. Student or staff member reports that a student is fraudulently charging to another student's account.
2. Respond to red flags by:
 - a. Verifying a student's identity before allowing him/her to charge.
 - b. Investigating a parent's complaint that s/he received a bill in error.
 - c. Sending a parent notice each time his/her child charges a reimbursable meal or receives an alternate meal.

Administration shall review this policy periodically to ensure that it provides appropriate procedures for preventing/mitigating identity theft, including updating red flags and the district's response to them as necessary.

The high school admin will use a standard pre-graduation ceremony check-out form to ensure all bills owed to McClusky-Goodrich School District are paid prior to the student participating in the prom or graduation ceremony from high school.

BREAKFAST/LUNCH AND MILK PROGRAM

McClusky-Goodrich Public School provides a nutritious breakfast and lunch for students on a daily basis for the fee of \$2.00 for each breakfast meal and \$3.00 for each lunch meal K-6 and \$3.25 for each lunch meal 7-12. Parents are welcome to eat lunch with their children at any time. We ask that you call in before 10:00 a.m. on the day you wish to eat and sign in at the administrative offices to receive your visitor badge. The cost for parents or guests to eat is \$4.10. The price of

milk will be \$.50. Information regarding free/reduced meals will be in the back-to-school packet.

Student breakfast, lunch and milk money is entered into individual accounts for each child. As the child eats a meal/milk the account is updated. You can send money by the week, or month. You will be notified when the balance in your child's account is low enough that you should send money. A printout of your child's account, showing the transactions that have taken place, will be available should you have any questions. Information and answers to questions about your child's account may be obtained by calling the school office and/or through PowerSchool.

These programs begin on the first day of school. All students will pay for their meals at the administrative offices located at the high school. Students who qualify for free or reduced meals must have a completed application turned in at the high school office prior to any changes in meal prices.

The school provides nutritious meals for all students and staff. To do this efficiently and effectively, see lunchroom expectations.

If any check issued to the school for any service or item is returned due to insufficient funds or because the account is closed, the bill will be deemed unpaid. In addition, a return check charge of \$35.00, assessed by the depository for the returned check, will be assessed for any check returned due to insufficient funds or because the account is closed.

Parents/visitors arriving will need to ring the buzzer located on our brick wall to the right of the door and stand in front of the camera. The office staff will be able to ID our visitors via cameras and talk to them through the intercom, and then will release the lock from the office allowing the visitor to come in. Parents/guests are considered visitors and must go directly to the administrative offices to receive authorization to proceed further into the building. If it is necessary to go further into the building, a pass will be issued to the visitor authorizing them to do so.

MEDICATION

The McClusky-Goodrich Public School District has established a program for providing medication to students during the school day and when students are otherwise under the district's direct supervision (e.g., participating in a school activity, on a school-sponsored trip). This program is only available to students when the applicable requirements under this policy have been satisfied.

Prescribed medications can be administered to a student during school hours. An Authorization/Parental Consent for School to Provide Medication or Student to Self-Administer Medication form must be signed by the parent/guardian (see **Policy ACBD-E2**). This form can be obtained from school office or online. The medication must be in the most up-to-date pharmacy labeled bottle. It will be stored securely in the school office. The school will send the empty bottle home with the student when more medication is needed. Parents are responsible for providing the medication on a consistent basis. Please contact the school if there is a change to the prescription.

Most over the counter (OTC) medications can be given outside of school hours. If an OTC medication must be given during school hours, it should be in the original container labeled with student's name and kept in the school office. Parents must complete the Medication Authorization form. The medication will be dispensed according to the directions on the box.

Students are allowed to carry and self-administer medications such as inhalers and EpiPens during school hours if proper forms are completed and on file. Contact the school office for proper forms.

HEALTH SERVICES RECOMMENDATIONS

FEVER

If your child has a temperature of 100.0°F or above (taken by mouth) in the morning, it is recommended that he/she remain home.

If your child develops a fever during school hours greater than 100°F they will be excused to go home. They will not be allowed to return to the classroom, as fevers are generally a sign of infection. They will remain in the office until dismissed to a parent or "emergency contact".

Students should remain home for 24 hours after a fever has subsided without the use of fever reducers such as Tylenol, Ibuprofen, etc. This is recommended for everyone's health and safety and helps prevent relapses and extended absences.

SORE THROATS

Most sore throats are viral, however, if your child develops "strep throat" (a bacterial infection), please inform the nurse, administration or the office. Children with a positive strep test are not allowed to attend school until they have been on antibiotics for 24 hours to ensure they are no longer contagious.

CONJUNCTIVITIS (Pink Eye)

If the white part of the eye appears red and produces a discharge your child may have conjunctivitis, a contagious infection. Children should not attend school until after the discharge has resolved/or your physician gives approval to return to school.

VOMITING OR DIARRHEA

A child with vomiting and /or diarrhea should stay home until the symptoms have resolved for 12-24 hours or more and the child is able to keep down food and liquids.

COLDS

A child who is coughing, or sneezing frequently, or who has a large amount of nasal discharge, will be more comfortable at home until symptoms subside. This will also help the control of illness.

HEAD LICE MANAGEMENT

Background Head lice are not a health hazard and nor are they responsible for the spread of disease. Infestation is a nuisance rather than a major threat to the student's well-being.

For complete information regarding head lice treatment and eradication please refer to "Head Lice - A Lousy Problem" available at www.ndhealth.gov/head-lice/ and the American Academy of Pediatrics 2015 clinical report available at <http://pediatrics.aappublications.org/content/135/5/e1355.full.html>.

Definition

Head lice (***Pediculus humanus capitis***) are parasitic insects that feed on blood from the human scalp. The adult louse is very small (about the size of a sesame seed), has six legs, a diamond-shaped head, and an elongated body, is flat, wingless, and crawls. It cannot fly or jump. Lice are often hard to see; they range in color from red, brown, black to gray white. Lice eggs, called "nits," attach to the hair shaft until they hatch into live lice.

Head lice outbreaks are common in the United States among all socioeconomic groups of children between the ages of three to 12 years. Head lice are not a sign of poor hygiene or unclean homes or schools. Lice and nits may be found on the human head, eyebrows, or eyelashes, but usually located on the scalp, particularly around and behind ears and near the neckline at the back of the head.

Mode of Transmission

Transmission occurs most commonly by direct contact with the head of an already infested person. Contact is common during play (slumber parties, bed-sharing, sport activities or games). The most rapid spread of head lice occurs through the home because of the close proximity of family members. The risk of transmission at school is low (AAP Clinical Report, 2015).

It is uncommon for lice to be spread from inanimate objects such as hats, combs, brushes, helmets, headphones, or movie theatre seats. Head lice are not able to hold onto these materials or survive without the warmth and blood source of a human scalp. Head lice cannot survive away from the scalp for more than 2-3 days at room temperature. Nits are not easily transmitted because they are glued to the hair shaft.

Incubation Period

Head lice eggs (nits) normally hatch in seven to 12 days. Mature head lice are capable of laying eggs nine to 12 days after hatching. The adult life span is about 1 month.

Infectious Period

Head lice can be transmitted as long as the lice (not nits) live. By removing nits, the possibility of hatching new lice is minimized. Nits need warmth from the scalp to remain viable; nits found more than a quarter inch away from the scalp have already hatched or will never hatch. Successful treatment should kill live lice. All family members should be checked and treated at the same time.

Symptoms

1. Itching on the head and scalp;
2. A tickling feeling on the head or in the hair;
3. Live lice;
4. Nits (lice eggs) attached to hairs;
5. Irritated spots on the head caused by the child scratching;
6. Irritability and trouble sleeping.

Protocol for Identification and Exclusion of Students with Active Infestations

1. Immediate or long-term exclusion of students with head lice is no longer recommended as best practice from the American Academy of Pediatrics and the North Dakota Department of Health. Students with an active infestation are referred to parents. However, if students are not picked up by parents, they may remain in class and return to school the next day after the appropriate treatment has been completed.
2. A *trained staff member will check any student reported to have symptoms of head lice. An active infestation (case) is defined as the presence of live lice or nits laid close (1/4 in.) to the scalp.
3. If an active case of head lice is found, the teacher will be informed immediately, and the child will not use any shared headphones or head gear.
4. Parents of the child with lice will be notified. If the parents of the affected student are not able to come and get their child, the student will be allowed to stay in school and will return to the classroom. Staff will discreetly manage lice infestations by reducing the child's contact with others so that the student is not ostracized, isolated, humiliated, or psychologically traumatized.
5. The principal will give parents of the affected student information for treating head lice. These resources are the Head Lice Fact Sheet and the Quick Guide for Removing Head Lice which are available at <http://www.ndhealth.gov/head-lice/>.
6. The student may be checked by their health care provider, public health or a designated *trained staff person where available. Prior arrangements must be made by the parents via the school office in order for the student to receive their return head check at school.
7. Staff will maintain student confidentiality at all times.
8. Custodians will be asked to perform the appropriate cleaning procedures as stated in "Head Lice - A Lousy Problem," from the North Dakota Department of Public Health.

9. After readmission the affected student will be checked by a *trained staff member once a week for 2 weeks or until the issue is resolved. Parents should be instructed to check their child daily for any signs of reinfestation and to continue to remove nits to avoid misdiagnosis.

10. Siblings of the affected student who attend McClusky-Goodrich Public Schools should be screened for head lice. Playmates and classmates who are known to have prolonged head-to-head contact may also be screened.

11. Routine or periodic classroom and school-wide screenings are no longer recommended or necessary. Classroom screening will not be done unless the principal and teacher feel there are unique circumstances that warrant a mass screening (i.e. preschool and kindergarten rooms where specific activities have included close head-to-head contact for prolonged periods of time). Parental consent is not required for classroom screening.

12. Notifications for parents of exposed students are addressed in the "Management of Students and Employees with Communicable Diseases and Conditions."

***Trained staff:** Staff members who perform lice checks must receive training from the public health nurse. Until a trained staff member has the opportunity to become skilled at identifying active head lice, the public health nurse will need to perform the head check on students suspected of having head lice.

IMMUNIZATION LAW

Under the North Dakota State Law, no child will be admitted to Kindergarten, Elementary School, Junior High School, or Senior High School in the public or non-public schools unless they have a certificate of "Immunization" on file at the school or submit one prior to admission. The law requires the certificate must be signed by a doctor or local health department representative and be presented to the school officials by the parent or guardian of the child.

The certificate of immunization states the child has been vaccinated against diphtheria, pertussis, tetanus, measles, rubella, mumps, hepatitis B, varicella (chicken pox), meningococcal and polio. The law does allow exemptions for medical and religious reasons.

However, when there is danger of an epidemic from any of the communicable diseases, for which immunization is required, those children, who are not adequately immunized, including children exempt, will be excluded from school until the danger of the epidemic is over.

WELLNESS POLICY

District Wellness Committee

The Board shall form a district wellness committee to develop the wellness policy and perform additional duties described. The Board encourages parents, students, school food service representatives, teachers of physical education, school health professionals, school board members, school administrators, and the public to participate in the development, implementation, and periodic review and update of the school wellness policy.

The District Wellness Committee shall determine the best methods for these individuals and groups to participate in meetings and shall provide information about the participation processes to others using appropriate, effective, and cost-efficient methods.

The District Wellness Committee shall meet annually to develop a plan for implementing the wellness policy in each school. The implementation plan shall delineate roles, responsibilities, and timelines specific to each school and set goals and objectives in accordance with the requirements of this policy.

The District Wellness Committee shall work with the Superintendent to evaluate each implementation plan. The Superintendent shall designate one individual per school building to ensure building-level compliance with this policy. The name of each designee must be listed in administrative regulations (see ABEA-AR). Each designee shall collect, summarize, and report evaluation data to the committee.

At least once every three years, the District Wellness Committee shall conduct an assessment of the wellness policy and comply with all reporting requirements mandated by federal law. The District Wellness Committee shall provide the assessment to the Board and disseminate it publicly on the district's website.

The District Wellness Committee may recommend amendments to the wellness policy for board consideration, based on the results of the assessment; changes in district priorities; changes in community needs; changes in wellness goals; advances in health science, information, and technology; new federal or state guidance; or the issuance of new standards or regulations.

Annually, the District shall disseminate the wellness policy to staff, students, parents, and the public publication in student handbooks and posting on the district website. The District shall also inform parents regarding improvements that have been made to school meals and compliance with school meal standards, the availability of child nutrition programs and how to apply; as well as the USDA [Smart Snacks in Schools](#) nutrition standards.

The District shall retain all wellness policy records mandated by federal law.

Physical Activity

In addition to state standards and mandates related to physical education, the District should strive to make opportunities available for students to be physically active.

The goals of physical activity programs must be to:

1. Develop students' knowledge and skills necessary to perform a variety of physical activities;
2. Assess, maintain and improve personal fitness;
3. Regularly participate in physical activity;
4. Understand the short- and long-term benefits of physical activity; and
5. Value and enjoy physical activity as an ongoing part of a healthy lifestyle.

Students with disabilities and other special health needs may participate as fully as possible in physical education and other school physical activity programs. Teachers and other school

personnel shall not withhold opportunities for physical activity (e.g., recess, physical education class) as punishment.

The District has implemented regulation ABEA-AR2, which contains additional programs and guidelines the District uses to promote physical activity.

Nutrition Education and Promotion

The District shall teach, model, and support healthy eating in grades K-12 through the curriculum and through other promotional methods¹. The District should strive to:

1. Educate teachers and other staff members responsible for nutrition education (e.g., provide training regarding the [Dietary Guidelines for Americans](#) and how to teach them);
2. Identify and implement methods to educate family members about district nutrition standards and goals as well as involve them in program development and implementation.
3. Integrate nutrition education into core curricula that is aligned with state standards and requirements;
4. Include developmentally appropriate, culturally relevant and participatory activities in the nutrition curriculum;
5. Emphasize caloric balance between food intake and physical activity
6. Provide students with the knowledge and skills necessary to promote and protect their health;
7. Promote fruits, vegetables, whole-grain products, low-fat dairy products, healthy food preparation methods, and accurate portion sizes; and
8. Promote healthy food and beverage choices for all students as well as encourage participation in school meal programs.

Nutrition promotion must be implemented through the use of evidence-based healthy food promotion techniques (e.g. Smarter Lunchroom techniques²). All foods and beverages offered to students during the school day must meet or exceed the [USDA Smart Snacks in Schools](#) nutrition standards.

The District Wellness Committee may develop a list of activities that will help the District achieve the above goals.

Other School-Sponsored Activities

The District shall seek to promote the physical activity and nutrition goals of this policy through other activities that are practical, implementable, and within district budgetary and statutory parameters. The goals of these other activities shall reinforce the nutrition promotion, nutrition education, and/or physical activity goals set forth above. Activities implemented under this provision may be offered to students, parents, and/or district staff.

¹ <https://www.healthiergeneration.org/programs/>

² <http://smarterlunchrooms.org/ideas>

The District Wellness Committee may develop activities and programs that will help the District achieve its goals. Such activities and programs may include before-school and after-school physical activities, active transport programs, staff wellness programs, staff professional development programs related to wellness, alternatives to using food as rewards, healthy celebration/party ideas and fundraisers, as well as community partnership programs.

Nutrition Standards

The District shall comply with applicable nutrition standards established in federal regulations for all reimbursable meals, e.g., the National School Breakfast and Lunch program. The District shall comply with the [USDA Smart Snacks in School](#) nutrition standards for all competitive foods and beverages sold on school grounds during the school day to students, including those foods and beverages provided at celebrations and parties and classroom snacks brought by staff or family members. The district shall not allow foods and beverages at a free or discounted price if those foods do not meet the [USDA's Smart Snacks in Schools](#) nutrition standards. Non-food celebrations and rewards shall be promoted and a list of ideas made available to staff and family members.

Foods purchased to raise funds must meet the [USDA's Smart Snacks in Schools](#) nutrition standards³. The district may also encourage fundraising ideas that are non-food related.

Exception to Competitive Food and Beverage Sales

Each school year, schools within the District may hold up to three fundraisers that do not comply with federal nutrition standards for competitive food and beverage sales. The Superintendent shall develop rules for requesting and receiving approval to hold fundraisers under this exception. The fundraiser may occur during school hours, but not during school meal times.

Standards for competitive food and beverage sales do not apply to foods and beverages sold off school grounds and foods and beverages sold on school grounds more than 30-minutes after the school day until midnight of the next school day.

Hydration Standards

To promote hydration, unflavored drinking water that is free must be made available to all students throughout the school day and throughout every school. The District shall make drinking water available where school meals are served during mealtimes. In addition, students shall be allowed to bring and carry clear water bottles filled with only water throughout the day.

Marketing

The District permits the marketing of food items that meet or exceed the [USDA's Smart Snacks in School](#) nutrition standards. All advertising and promotions of food items, must be approved by the Superintendent, or an individual that has been appointed by the Superintendent to make such decisions. These standards do not apply to foods and beverages sold off school grounds.

Qualifications and Training

³ <http://www.actionforhealthykids.org/storage/documents/parent-toolkit/fundraisers-family-health-f1.pdf>

The District must comply with any applicable hiring requirements under federal regulations for new hires in the food service program. They must also comply with the annual training requirements under federal regulations for all food service personnel.

ATTENDANCE

Regular attendance is necessary to achieve consistent educational progress. Classroom learning experiences are a meaningful and essential part of the educational system. North Dakota State Law requires all children between the ages of 7 and 16 to be in attendance every day school is in session with the exception of illness and certain other incapacities.

EXCESSIVE ABSENCES

All students may lose credit or be retained when absences exceed ten days or ten class periods per semester.

UNEXCUSED ABSENCES

Unexcused absences may result in minute-for-minute time makeup in detention. See Attendance and Absences Policy Section III (three): Accumulated Unapproved Absences.

MAKE-UP WORK

Children are still required to complete work while absent. We will provide home assignments at the end of the day if a request is made. Students are allowed two days of makeup for every day absent, up to three days absent or a maximum of six days makeup. Continuous absences of four days or more, students must make arrangements with the principal. The maximum make-up days are six. Unless other arrangements are made with the principal.

ADVANCE MAKE UP WORK

An advance makeup is a planned absence from school (athletics, activities, fieldtrips, family vacations, competitions, FFA, etc.). Students are responsible to complete and turn in all classwork **before** the absence. Students must communicate with classroom teachers to obtain the assigned classwork. All work must be turned in before the absence.

TARDINESS

High school students should arrive at school between 8:00 a.m. and 8:25 a.m. Instruction will promptly begin at 8:30 a.m. Students arriving after 8:30 a.m. are counted tardy for Period 1. Students are expected to report to class on time. If students are more than 10 minutes late for a class, a teacher may count it as an absence. Individual teachers will determine a student's tardiness for their classes. Students will receive a detention for each tardy. Students are to check-in at the office and sign in. A student is exempt from tardies if they have a note from a medical appointment. Parents will be notified if the tardies become a major problem. **Repeated offenses will result in more severe disciplinary action including, but not limited to, removal from class, detention, suspension, etc.**

PENALTIES FOR EXCESSIVE TARDINESS

- On the third tardy in a particular class, a student will receive an unexcused absence.
- Each subsequent set of three tardies will count as an unexcused absence and count against the 10-day excessive absences policy and contribute to credit loss in that class.

- After the third tardy and any subsequent tardies received in a class, teacher may refer a student to the office for disciplinary action, which may result in after school detention.

Elementary students should arrive at school between 8:05 a.m. and 8:30 a.m. Students arriving after 8:35 a.m. are counted tardy. Students will receive a warning for the first tardy. A phone call to the parent will be made after the second offense. Continued offenses may result in disciplinary action.

Elementary students must arrive at school no later than 9:30 a.m. and leave no earlier than 11:00 a.m. to be counted present for the morning attendance. Elementary students must arrive no later than 12:00 p.m. and leave no earlier than 2:00 p.m. to be counted present for the afternoon attendance.

STUDENTS LEAVING EARLY

Elementary parents/guardians must contact the administrative offices to pick up their child for an appointment. Upon parent arrival at the elementary school, the student must be signed out by the parent calling the administrative offices. Office personnel will call the child's teacher in order for the student to leave the building. Only those adults with written authority by the parent or guardian will be permitted to pick up their child. We reserve the right to ask for identification. This policy is strictly enforced for your child's safety. We cannot prevent a parent from picking up their child unless we have a legal court order on file.

Senior high students must have a written note or verbal permission (given in front of office personnel) from a parent/guardian to sign out, with the exception of coop work experience.

If a senior high student needs to be dismissed early from school, he/she must sign out or the parent must sign them out (in the case of elementary students) in the administrative office before leaving the building and do one or more of the following:

1. Bring a written note from his/her parent or legal guardian
2. Present the note and get approval from the office prior to the time of the early dismissal
3. Have parent or guardian make a phone call to the office

School Attendance on Day of Activity

A student must be in school the day of an activity (minimum of three academic classes) in order to participate in that activity (games, concerts, performances, practices, rehearsals, and meetings), and school attendance the day after the activity is expected. Exceptions for unusual circumstances may be made by the administration.

ND UNIVERSITY SYSTEM REQUIREMENTS

Admission requirements apply to all four-year public campuses in North Dakota. Students and parents need to be aware of the additional admission requirements needed for admission in post-secondary institutions. Students are advised to contact individual colleges to determine specific requirements for admission.

Students who plan to attend a four-year institution in the ND University System must successfully complete a core curriculum of high school courses as listed in the table below:

Information obtained from ND University System (<http://www.ndus.edu/>)

MCCLUSKY-GOODRICH HIGH SCHOOL COURSES

Online and ITV courses may be available to enhance a student's education.

CLASS CHANGE

At the beginning of each semester, students will have up to **three school calendar (3) days** to add or drop a class. If a student wants to drop a class, parents as well as teachers, school counselor and administration must sign and approve the change. Any changes after three days results in an incomplete or failing grade for the remaining portion of the semester.

DUAL CREDIT COURSES

In grades 10, 11 and 12, students have the opportunity to take dual credit classes to earn both high school and college credit. There is a cost per credit which is covered by the student's family and students must have an overall GPA of 3.0 or higher, as well as a GPA of 3.0 or higher in the area of the class to be taken. For example, if a student takes College English, they must have a GPA of 3.0 or higher in their high school English classes.

Student will need to meet minimum required ACT/PLAN cut scores for College Algebra and College English.

When students graduate from high school, they will need to send a copy of their dual credit transcripts to the college they plan on attending. The college credit is issued through Dakota College in Bottineau, ND and will transfer to other ND public colleges and universities. If planning to attend a private or out-of-state college, be sure to find out if they will accept credits from the college you took your dual credit course(s) from. If you have questions about dual credit courses, please talk to the high school counselor.

Dual Credit is an opportunity for high school students to earn high school and college credits at the same time. Students taking dual credit classes follow the application process set forth by the North Dakota University System and the Department of Public Instruction.

DRIVER'S EDUCATION

The classroom instruction for Driver's Education is offered during the summer session. Behind-the-wheel driver training is elective, and students must pass the classroom instruction before taking the behind-the-wheel training. Students completing the behind-the-wheel after having taken the classroom instruction will receive .25 credit. Eligible students must have completed and passed the 8th grade, turned 14 years old by June 1, and hold a driver's permit to participate in Driver's Education.

PHYSICAL EDUCATION (PE)

If a student is to be excused from PE class, he or she must have a written note from a parent/guardian. If a student is to be excused for more than a day a note from a physician is required. If a note is sent requesting the child not participate in PE, the child will still attend PE class.

Students are required to wear gym shoes; not their street shoes, when in gym. Students will not be excused because of an organized sport and must participate on the day of a contest.

SCHOLARSHIPS

The counselor will provide information and applications for local, state and national scholarships. It is the student's responsibility to look into scholarship programs, inquire about information regarding scholarships and submit applications on time. The counselor is available as a guide.

CORRESPONDENCE (NDCDE) WORK

McClusky-Goodrich Public School will permit a qualified student to enroll in an approved correspondence course from a school approved by the North Dakota Division of independent study. This will be allowed in order that such a student may include a greater variety of learning experience within his/her educational program or to correct graduation deficiencies within his/her transcript. McClusky-Goodrich School District will not pay for classes that have been failed by a student and he/she wishes to retake that class.

Criteria to determine eligibility for correspondence courses: 1) Failed the course two or more times, 2) Received administrative approval to take the assigned course(s), 3) Received counselor approval to take the assigned course(s), 4) Received parental approval to take the assigned course(s) unless the student is 18 years or older and agrees to pay the monetary fee and 5) Paid the monetary fee as set by NDCDE for each semester course (1/2 credit).

*****A student may take no more than one credit of correspondence or online courses without administrative approval.**

Exceptions to this policy would be transfer students, extended illness, or other reasons as determined by the building administrator.

GRADING AND REPORTING TO PARENTS (PTC)

Parents are encouraged to monitor their student's grades by logging into PowerSchool. Reports cards will be sent home at the end of the year after all grades have been finalized. Parents are encouraged to participate in the parent-teacher conferences and to bring any questions they might have pertaining to their child. Please refer to your school calendar for the exact dates and times. Elementary and high school conferences are scheduled and held in teacher's respective classrooms.

POWERSCHOOL PARENT PORTAL

Parents may access their child's grades and account information online through our parent portal. This program allows you to access and update your personal/emergency contacts, check your child's attendance, grades and lunch accounts. To obtain an account, you must register in person through the school office.

Grades are available online through PowerSchool at any time during the term grading period. PowerSchool gives the student and parents the ability to see how their child is doing in each class they are taking at school. We highly encourage parents to monitor closely their child(ren)'s progress. The PowerSchool website can be accessed through <https://mcclusky-goodrich.ps.state.nd.us/public>. Username and password are available through the school office.

The following numerical grading equivalence will be used:

A+ = 100	A = 99-96	A- = 95-94
B+ = 93	B = 92-89	B- = 88-87
C+ = 86	C = 85-82	C- = 81-80
D+ = 79	D = 78-72	D- = 71-70
F = 69 and below		
S = Satisfactory	U = Unsatisfactory	I = Incomplete

GRADE POINT AVERAGES

All courses will be used in determining the grade point average (GPA).

Each letter grade will be assigned a number based on the same scale as used for determining the honor roll. A+/A = 12, A- = 11, B+ = 10, B = 9, B- = 8, C+ = 7, C = 6, C- = 5, D+ = 4, D = 3, D- = 2, F = 0. GPA will be determined on the 4-point scale by dividing the overall average on the 12-point scale by 3.

SEMESTER TEST EXEMPTION

All students in grades 7-8 will be required to complete semester tests/projects if one is required by the classroom teacher. All students in grades 9-12 may qualify for exemption to semester tests by meeting the requirements listed below. Final tests are administered the last two days of the semester.

Exemptions will be based on academic performance, absences and disciplinary action for the school year. Students must have an "A" or "B" in their class along with meeting the attendance requirement to be exempt.

A	Up to 3 excused absences
B	Only 1 excused absence
C, D, F, I	Must take semester test.

If a student has any unexcused absences, they will take the semester tests.

Exempt students may still take final exams in an attempt to raise grade averages, but it will not lower their grade.

CHEATING

Cheating is defined as giving or receiving aid on assignments, tests, and/or graded classroom work. Any student found cheating in a classroom will receive a zero on daily work or tests he/she was cheating on in that class. Plagiarism is considered cheating. Plagiarism is defined as copying someone else's work and using it as your own. The teacher will notify parents.

ELIGIBILITY REQUIRMENTS

4. Students will be ineligible for a period of one week (Wednesday to Wednesday of the following week)
5. If a student is failing any class, the student is ineligible.
6. If a student is behind more than three assignments in an online class (NDCDE), the student is ineligible.
7. Administration will notify staff members and coaches of any student who is ineligible.

9. Coaches will notify the student of ineligibility status.
10. Administration will handle any discretion in the eligibility policy.
11. A student who is failing one or more classes at the end of a semester will be ineligible for a period of two (2) weeks the following grading period.

Note—NDHSAA Policy—Students must be making satisfactory progress toward the school's requirements for graduation. Failure to acquire 2.5 credits at the end of a semester will make him/her ineligible for a minimum of two weeks the following semester.

HONOR ROLL

A student who has earned a 3.25 GPA or higher and does not have a D, F, or I (incomplete) will be considered an honor roll student. A student who has a 3.50 GPA or higher and does not have a D, F, or I (incomplete) will be considered a high honor roll student.

INCOMPLETE GRADES

Incomplete grades (assignments, tests, projects, etc.) become a zero or F after three school days if schoolwork is not completed.

ENTRANCE AGE

School ages reporting under NDCC 15.1-06-01: children may not enroll in kindergarten unless the child reaches the age of five before August first of the year of enrollment, unless the child will be five years old before December first; and the child has not reached the age of twenty-one before August first of the year of enrollment. A school district may not enroll in grade one a child who is not six years old before August first, unless the child will be six years old before December first.

GRADE PROMOTION, RETENTION & ACCELERATION POLICY

The McClusky-Goodrich Public School is committed to fostering the continuous educational and personal growth of its students. Student progress shall be continually evaluated based on state achievement standards, course content standards, and education goals and objectives as established by administration and the teaching staff.

The Board recognizes that at every grade level there are differences among students in their intellectual and personal development and that individual students may be more proficient in some content areas than in others. Therefore, assignment of a student to a grade level shall be based on the best educational interest of the student, which shall be determined by using the criteria established below.

Class Membership

Students are registered for classes and considered members of classes by credits earned. Class membership will be reviewed prior to the first day of the fall semester. Students that do not meet junior class membership will be permitted to take junior or senior electives. Class membership is also related to the extracurricular eligibility policy.

Grade 7	Passed Grade 6
Grade 8	Passed Grade 7
Freshman	Passed Grade 8 and 0 to 6 credits
Sophomore	Minimum of 6 credits
Junior	Minimum of 12 credits
Senior	Minimum of 16 credits

Criteria for Determining Promotion & Retention

The decision to promote or retain a student shall be based on at least the following criteria:

1. Whether or not the student has completed course requirements at the presently assigned grade.
2. Whether or not the student demonstrates proficiency in enough course content areas to warrant promotion.
3. Whether or not the student has sufficiently met achievement standards and other educational goals/objectives established for the student's current grade level.
4. Whether or not the student demonstrates the degree of social, emotional, and physical maturation necessary for successful learning experiences in the next grade level.
5. The decision to promote or retain a special education student shall be made by the Individual Education Program (IEP) team in accordance with applicable law.

Under no circumstances shall a student be retained for the sole purpose of improving the student's ability to participate in the district's athletic program.

A seventh grade student who fails three or more courses for any two quarter grading periods shall be retained in the seventh grade for the following academic year.

An eighth grade student who fails three or more courses for any two quarter grading periods shall be retained in the eighth grade for the following academic year.

High school students grade level will be determined by the credits they have earned.

Procedure for Determining Promotion & Retention

If a teacher believes retention is a possibility, s/he shall contact the student's parent(s) and inform the building principal as early as possible. The principal shall inform the parents of remediation options. Advancement to the next grade may be made conditional upon successful remediation or demonstrated proficiency within a timeframe established by the principal.

Teachers, in consultation with parents, are responsible for making promotion and retention recommendations based on promotion and retention criteria contained in policy. Recommendations shall be submitted to the building principal for approval.

A parent who is dissatisfied with the principal's decision may appeal to the Superintendent. The superintendent's decision shall be final. Appeals must be initiated within 30 days of receiving notice of the principal's promotion or retention decision. Failure to timely present the appeal shall be deemed to be a waiver of the appeal process.

Promotion & Retention of Special Education Students

The decision to promote or retain a special education student shall be made by the Individual Education Program (IEP) team in accordance with applicable law. Parents wishing to appeal the IEP's decision shall follow appeal procedures under the Individuals with Disabilities Education Act.

Acceleration

Decisions regarding acceleration shall be made by the principal in consultation with the student's parent(s)/guardian(s), teacher(s) and guidance counselor. The principal's decision shall be binding but may be reversed by the principal should new evidence indicate such a need.

When making acceleration decisions, principals shall take into account at least the following criteria:

ATTENDANCES & ABSENCES POLICY

North Dakota law contains compulsory attendance requirements for students ages seven through sixteen. In order to comply with and enforce these requirements, the Board establishes the following attendance policy.

Section I: Definitions

- A. For purposes of compulsory attendance reporting under NDCC 15.1-20-02.1 (1-2):
- *Excused absence* is an absence that the District will not use in determining if a compulsory attendance violation occurred. Any absence may be excused if it is supported by either a verbal or written excuse supplied by the student's parent, teacher, or school administrator.
 - *Unexcused absence* is any absence not supported by the verbal or written excuse required for an excused absence.

- B. For the purposes of imposing academic or disciplinary sanctions under Section III of this policy as authorized by NDCC 15.1-20-02.1(3):
- *Approved absence* is an absence that the District believes is necessary and/or unavoidable and has received administrative approval. Necessary and/or unavoidable absences may be caused by illness, injury, family emergency, religious observance or instruction, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed necessary and/or unavoidable by the principal or Superintendent. Students granted approved absences shall not be subject to the consequences contained in Section III of this policy. The Superintendent or designee shall develop criteria for requesting and granting an approved absence and shall establish make-up work requirements.
 - *Unapproved absence* is defined as an absence that does not meet the above criteria for approved absences. If a student is absent for an unapproved reason, the parent/guardian shall still be responsible for calling the principal's office to explain the absence, and the student will be subject to the consequences contained in Section III of this policy.

Section II: Documentation Requirements

School administration may require applicable documentation to verify an excused or approved absence, including, but not limited to:

1. Medical documentation from an appropriate licensed healthcare provider;
2. A copy of a court summons or subpoena;
3. An obituary for funeral leave;
4. Verification of planned or executed family travel (e.g., a boarding pass);
5. A request from an official at the student's place of worship;
6. A request for an absence due to a curricular or extracurricular event submitted by the student's teacher, coach, or extracurricular advisor.

Section III: Accumulated Unapproved Absence

The Board believes that unapproved absences are a form of misconduct and authorizes the Superintendent to establish grade-appropriate disciplinary consequences. Students will be afforded appropriate due process rights based on the severity of the disciplinary penalty that the District is considering imposing. Students shall be required to complete make-up work in accordance with administrative regulations or will receive no credit for incomplete work.

Compulsory Attendance Violations

North Dakota law defines what constitutes a compulsory attendance violation. Suspected violations of the compulsory attendance law shall be reported to school administration and investigated in accordance with law. When a compulsory attendance violation is substantiated, the District shall comply with law enforcement reporting requirements under law.

Dissemination

This policy shall be published in all student handbooks.

BULLYING POLICY

Definitions

For the purposes of this policy:

- *Bullying* is defined as conduct prescribed in NDCC 15.1-19-17. The Superintendent should place this definition, in its entirety, in student and staff handbooks and should develop guidelines to assist students and staff with identifying this conduct.
- *Protected status* are classifications/characteristics protected from discrimination by NDCC 14-02.4-01 and federal law. The following statuses are protected: race, color, religion, sex, national origin, age, disability (physical or mental), and status with regard to marriage or public assistance.
- *School property* or the term *on-campus* refers to all property owned or leased by the District, school buses and other vehicles, or any school district sponsored or school-sanctioned activity.
- *School-sanctioned activity* is defined as an activity that:
 - a. Is not part of the district's curricular or extracurricular program; and
 - b. Is established by a sponsor to serve in the absence of a district program; and
 - c. Receives district support in multiple ways (i.e., not school facility use alone); and
 - d. Sponsors of the activity have agreed to comply with this policy; and
 - e. The District has officially recognized through board action as a school-sanctioned activity.
- *School-sponsored* activity is an activity that the District has approved through policy or other board action for inclusion in the district's extracurricular program and is controlled and funded primarily by the District.
- *School staff* include all employees of the McClusky-Goodrich Public School, school volunteers, and sponsors of school-sanctioned activities.
- *True threat* is a statement that, in light of the circumstances, a reasonable person would perceive as a serious expression of an intent to inflict harm.

Prohibitions

While at a public school, on school district premises, in a district-owned or leased school bus or school vehicle, or at any public school or school district sanctioned or sponsored activity or event, a student, staff member or volunteer may not:

1. Engage in bullying;
2. Engage in reprisal or retaliation against:
 - a. A victim of bullying;
 - b. An individual who witnesses an alleged act of bullying;
 - c. An individual who reports an alleged act of bullying; or
 - d. An individual who provides information/participates in an investigation about an alleged act of bullying.
3. Knowingly file a false bullying report with the District.

Off-campus bullying that is received on school property is also prohibited. The District has limited disciplinary authority to respond to such forms of bullying.

Reporting Procedures for Alleged Policy Violations

1. **Reporting requirements for school staff:** Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or written report of a violation of this policy from a student, community member, or anonymously shall contact the building principal to inform him/her as soon as possible. If the alleged violation implicates the building principal, the school staff member shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall file it with the Board President.

Should school administration determine that a school staff member knew of or suspected a violation of this policy and failed to report it in accordance with the procedure above, the staff member may be subject to disciplinary consequences or, for sponsors of school-sanctioned activities, other corrective measures.

2. **Reporting options for students and community members:** Students and community members (including parents) may report known or suspected violations of this policy using any of the following methods:
 - a. Completing a written complaint form. A complainant will have the option of including his/her name on this form or filing it anonymously. The District will place the form in a variety of locations throughout the school and should inform students and staff of these locations. The form may be returned to any school staff member, filed in a school building's main office, or placed in a designated drop box located in each school.
 - b. Complete and submit an online complaint form. A complainant will have the option of including his/her name on the form or submitting it anonymously.
 - c. File an oral report with any school staff member.

A complaint filed anonymously may limit the district's ability to investigate and respond to the alleged violations.

Reporting to Law Enforcement & Others Forms of Redress

Anytime a school staff member has reasonable suspicion that a bullying incident constituted a crime, s/he shall report it to law enforcement. Also, nothing in this policy shall prevent a victim/his/her family from seeking redress under state and federal law.

Documentation & Retention

The District shall develop a form to report alleged violations of this policy. The form should be completed by school staff when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

The form should be completed by an administrator when s/he:

1. Initiates a report of an alleged violation of this policy; or
2. Receives an oral report of an alleged violation of this policy.

All written reports of an alleged violation of this policy received by the District shall be forwarded to the appropriate school administrator for investigation and retention.

Report forms and all other documentation related to an investigation of an alleged violation of this policy shall be retained by the District for six years after a student turns 18 or graduates from high school, whichever is later. If a student does not graduate from the District, such reports and investigation material shall be retained for six years after the student turns 18.

Investigation Procedures

School administrators (i.e., a principal, an assistant superintendent, or the Superintendent) are required to investigate violations of this policy (as prescribed under “Prohibitions”), when in receipt of actual notice of an alleged violation. Actual notice of an alleged violation occurs when alleged bullying, reprisal, retaliation, or false reporting is reported using the applicable method(s) prescribed in the reporting section of this policy.

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected status—whether actual or perceived. Reports involving a protected status shall be investigated in accordance with the district’s harassment/ discrimination policy, including the timelines contained therein.

In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter and his/her relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content, and context of the report; whether or not this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:

1. Identification and collection of necessary and obtainable physical evidence (*NOTE: In some cases, physical evidence may be unobtainable, e.g., a private social networking profile*).
2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/ complainant be required to meet with the alleged perpetrator.
3. Interviews with any identified witnesses.
4. A review of any mitigating or extenuating circumstances.
5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies.

Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to the victim and alleged perpetrator during the investigation.

Disciplinary & Corrective Measures

Students who the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed include, but are not limited to:

1. Require the student to attend detention;
2. Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the district's suspension and expulsion policy shall be followed;
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond;
4. Create a behavioral adjustment plan;
5. Refer the student to a school counselor;
6. Hold a conference with the student's parent/guardian and classroom teacher(s), and other applicable school staff;
7. Modify the perpetrator's schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim;
8. If applicable, contact the administrator of the website on which the bullying occurred to report it.

If the misconduct does not meet this policy's definition of bullying, it may be addressed under other district disciplinary policies.

For bullying initiated off campus and received on campus (e.g. cyberbullying), the District only has authority to impose disciplinary measures if the bullying substantially disrupted the educational environment or posed a true threat. In all other cases of off-campus bullying received on campus, the District may only take corrective measures as described in items five through eight above.

If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual's contract), suspension, or a recommendation for termination/discharge in accordance with any applicable law.

Victim Protection Strategies

When the District confirms that a violation of this policy has occurred, it should notify the victim's parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
2. Notice to the victim's teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
3. Assignment of district staff to monitor, more frequently, areas in the school where bullying has occurred.
4. Referral to counseling services for the victim and perpetrator.
5. Modification of the perpetrator's schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator's contact with the victim.

Prevention Programs & Professional Development Activities

In accordance with law, the District shall develop and implement bullying prevention programs for all students and staff professional development activities.

BULLYING REPORTING GUIDELINES

The following are signs that may indicate that a student has become a victim of prohibited behavior contained in the district's bullying policy. The examples serve as guidelines only and in no way encompass all indicators that a student has become victim of bullying. Students with knowledge/reasonable suspicion of any conduct indicating a violation of the bullying policy should report it in accordance with the procedure in the bullying policy, and school staff with knowledge/reasonable suspicion of such conduct shall report it in accordance with the procedure in the bullying policy.

Reporting Guidelines

Students should file a report under the bullying policy and staff shall file such a report when there is:

1. Any report by a student that s/he is concerned about his/her safety as a result of intimidation, hostility, or actions by a student or staff member. Such students often avoid certain locations in the school to limit contact with a bully (e.g., locker rooms, restrooms, parking lots).
2. Any report by a student that his/her property has been damaged or s/he is concerned that his/her property will be damaged as a result of intimidation, hostility, or actions by a student or staff member.

CARE OF SCHOOL PROPERTY

Desks, books, laptops, and other school equipment which are loaned to the student are school property. Marking, scratching, writing on walls and desks or otherwise destroying school property is inexcusable. Students will be held responsible for willful destruction of school property and must make satisfactory repair or replacement of such school property. Marring the building, corridors or lavatories in any way shows lack of school pride. Any such destruction of school property observed or detected by teachers should be reported to the principal immediately. Do not allow desks to be placed against the walls. Walls are easily marred. Be concerned about the appearance of the room. This is their home and our home the greater part of each day. Let's keep it as nice as possible.

CHURCH NIGHT

Wednesday evening of each week has been set aside as church night, and no activities may be scheduled on these evenings.

- 1) All student activities must be completed by 6:00 p.m. on church night.

COLLEGE TESTING

Any student planning to enter college should take the American College Test (ACT) and/or the Scholastic Aptitude Test (SAT). While these tests are administered at other sites several times a year, students may complete the ACT and SAT in their junior or senior year. For further information, you may contact the school guidance counselor.

COMMON COURTESY AND BEHAVIOR

The following shall be considered “Common Courtesy” behaviors. These behaviors will also be enforced as school policy.

COMPLAINT PROCEDURES

Individual board members have no authority to resolve complaints and the Board, as a whole, believes that patron complaints should be resolved at the lowest level of authority possible. Therefore, whenever a complaint is made to an individual board member or the Board as a whole, it will be referred to school administration for processing at the lowest level of authority possible.

If the complaint is not satisfactorily remedied at the building level, either party may refer the matter to the Superintendent for investigation. The Superintendent shall complete the investigation within a reasonable deadline in accordance with any applicable deadline in law.

If all other remedies have been exhausted, a complainant may request that the matter be placed on the agenda of the next regular school board meeting; however, the Board will not hear, consider, or act upon complaints that have not been investigated at each appropriate level of authority, nor will the Board hear, consider, or act upon complaints for which specific complaint resolution procedures have been established that do not allow for board review of the complaint, including but not limited to complaints about personnel and complaints about instructional material.

Anonymous Complaints

Anonymous complaints provide no avenue for response or redress of the complaint. An unsigned complaint will not be read or acted upon at any board meeting and anonymous telephone complaints will not be brought to the Board by any individual board member, administrator, or other employee. No disciplinary action will be initiated based solely on an anonymous complaint.

Parental Complaints

While parents enjoy a unique relationship with the schools and are the recipients of special communications concerning school events and programs as well as communications concerning their own child's progress, parents shall use the same channels of processing complaints as by other citizens.

Complaints for which specific resolution procedures are provided shall be directed through those channels. These include, but are not limited to, complaints about personnel and complaints about instructional materials.

COPYRIGHTED MATERIAL & INTELLECTUAL PROPERTY

Copyright Prohibitions

The District shall abide by the provisions of copyright law, including Fair Use Standards. The District prohibits illegal duplication in any form. Copyright materials, whether they are print or non-print; published online; or in the form of software, music, a digital medium, or a performance shall not be duplicated or performed unless such use is permitted under law or unless appropriate written permission from the copyright holder has been received and, if applicable, royalties paid.

Compliance

The main school office should maintain copies of federal Fair Use guidelines and federal Fair Use Standards for off-air taping of copyrighted audio and audiovisual works. Legal counsel shall review any proposed usage beyond the guidelines.

The Superintendent will issue memorandums regarding this policy and federal Fair Use Guidelines to employees as needed, post notices of copyright law and this policy in appropriate locations, install filtering software on district networks to prevent illegal downloading and file sharing, and notify students of this policy through the use of student handbooks.

Intellectual Property

Any copyrightable work produced by a district employee within the scope of his/her duties is considered “work made for hire.” The District owns all copyrightable rights to these items. Employees have no right to use such work outside the scope of their district duties without the board’s permission. “Work made for hire” must remain with the District upon separation.

The Board authorizes the Superintendent to sell “work made for hire” products to other school systems, organizations, or commercial firms in accordance with the district’s sale of school property policy.

Violations

Administration shall investigate all complaints of alleged copyright violations.

Students and employees who willfully disregard the district’s copyright position are in violation of board policy and shall be subject to disciplinary consequences in accordance with applicable policies and law. In addition, employees who willfully disregard this policy do so at their own risk and assume all liability. The District may also deem employees who willfully violate copyright laws to be acting outside the scope of employment.

DRESS CODE

The Board encourages students to use sound judgment in dress and grooming. While attention seeking devices in dress and grooming are discouraged, students shall not be prevented from attending school or a school-sponsored activity because of appearance if style, fashion, or taste is the sole criterion for such action.

- Lab classes may require clothing, safety glasses, and shoe attire that conforms to OSHA safety rules.
- Clothing styles that are excessively revealing or show a student’s undergarments may not be worn in school.

Prohibitions

The District prohibits the following articles of clothing or decoration at school-sponsored functions and/or on school property. Clothing/decoration that:

1. Is reasonably likely to substantially disrupt the educational environment;
2. Poses a health or safety risk;
3. Is destructive to school property and/or causes excessive maintenance problems;
4. Is intended to identify the student as a member of a gang;
5. Promotes illegal activities and/or the use of tobacco or alcohol.

The administration will make reasonable efforts to notify students of these rules. Each building principal shall develop a procedure for handling and disciplining students in violation of these rules.

While the school administration may require students participating in physical education classes to wear certain apparel which meets reasonable health and safety standards as established by the Board, they may not prescribe a specific brand that students must buy.

Sunglasses, hats/caps (except on designated hat/cap day) or hoods are not to be worn during school hours. Students refusing to remove hats, caps, beanies, etc. will have item confiscated. Students may pick up their item at the main office at the end of the day. Students are encouraged to wear appropriate clothing for the season.

Students dressed inappropriately, will be asked to change clothing or will be sent home to change clothing.

ELECTRONIC DEVICES

In an effort to limit the use of items that disrupt the educational process, the McClusky-Goodrich Public Schools have adopted a policy **prohibiting** the use of electronic devices in the school buildings during the school day unless given explicit permission by a school official. Electronic devices including, but not limited to: cell phones, lasers, radios, recorders, tape players, pagers, beepers, CD players, MP3 players, portable gaming devices, cameras, electronic games and other electronic devices, including earbuds and headphones, or the like are to be turned off upon entering the school building, kept out of sight, and not used during school hours. The school district will not be responsible for loss, damage, or theft of any electronic devices brought to school. If any electronic devices are used during school hours without staff permission, the student is in violation of the Acceptable Use Policy / Cell Phone Policy and the device will be confiscated.

- On the first violation, students may retrieve the item from the teacher at the end of the period and the violation will be entered into PowerSchool.

- On the second violation, students will be allowed to pick up their item at the office at the end of the school day, will also receive detention and parents will be notified.
- On a third and subsequent violations, the item will be returned only to parents and the student will receive detention which must be served within 3 days of the infraction. Failure to serve the detention will result in additional consequences at the administration's discretion.

The use of cameras and camera phones is strictly forbidden in private areas, such as, locker rooms, bathrooms, and dressing areas at any time. Such use may also be in violation of the criminal code.

Students are allowed to use their cell phones, at the discretion at the classroom teacher for reasonable communication purposes in or out of the building before or after school, during lunch, and between classes, unless otherwise designated at specific school functions.

The taking of photos or the recording of videos, whether by cell phone or any other device, in places where privacy is a reasonable expectation is strictly prohibited. An incident of this nature could result in a sexual harassment violation.

Using cell phone cameras to record altercations on school grounds or at school events is prohibited. In such cases, phones may be confiscated as evidence.

Students are allowed to use their cell phones in the classroom for educational purposes only and must be under the direct supervision and approval of their teacher.

General Prohibitions

The McClusky-Goodrich School District is committed to maintaining a learning and working environment free from discrimination and harassment in all employment and educational programs, activities, and facilities. The District prohibits discrimination and harassment based on a student's, parent's, guardian's, or employee's race, color, religion, sex, gender identity, national origin, ancestry, disability, age, or other status protected by law.

It is a violation of this policy for any district student, parent, guardian, employee, or third party to discriminate or harass against another district student or employee, based on any status protected by law, if the conduct occurred within the context of an education program or activity, or if the conduct had a continuing effect in the educational setting of a program or activity occurring on or off school district property. The District will not tolerate discrimination or harassment of a district

student or employee by a third party. The District also prohibits aiding, abetting, inciting, compelling, or coercing discrimination or harassment; discriminating against or harassing any individual affiliated with another who is protected by this policy and/or law; knowingly making a false discrimination and/or harassment report; and retaliation against individuals who report and/or participate in a discrimination and/or harassment investigation, including instances when a complaint is not substantiated.

The District shall promptly investigate any discrimination, harassment, or retaliation complaint and act on findings as appropriate, which may include disciplinary measures such as termination of employment or expulsion in accordance with board policy, law, and, when applicable, the negotiated agreement. Students and employees are expected to fully cooperate in the investigation process. The District will take steps to prevent recurrence of discrimination, harassment, or retaliation and remedy discriminatory effects on the complainant and others, if appropriate.

Definitions

- *Complainant* is the individual filing the complaint. If the complainant is not the victim of the alleged discrimination and/or harassment, the victim must be afforded the same rights as the complainant under this policy and regulation AAC-BR.

 - a. It is quid pro quo, meaning submission to such conduct or communication is made a term or condition, either explicitly or implicitly, of the basis for employment decisions or educational decisions or benefits for students (e.g., receiving a grade).
 - b. It creates a hostile environment, meaning unwelcome sexual conduct or communication that is sufficiently serious to deny or limit a student's ability to

Complaint Filing Procedure

The Board shall create an informal and formal discrimination and harassment complaint filing procedure in board regulations coded AAC-BR. The procedure provides for an impartial investigation free of conflicts of interest. Nothing in this policy or in the discrimination and harassment grievance procedure prevents an individual from pursuing redress through state and/or federal law.

Confidentiality

An individual wishing to file an anonymous discrimination and/or harassment complaint must be advised that confidentiality may limit the district's ability to fully respond to the complaint and that retaliation is prohibited. The appropriate grievance coordinator (Title IX, 504/Title II, or Nondiscrimination) shall perform a confidentiality analysis to determine when a request for confidentiality cannot be honored due to safety reasons or the district's obligation to maintain a nondiscriminatory educational environment. The complainant must be notified in writing of the confidentiality analysis outcome. A discrimination or harassment investigation report is subject to the open records law after 60 days or when the investigation is complete (whichever comes first), with limited exceptions such as when the record is protected by FERPA.

Complaint Recipients

If any District employee receives a discrimination or harassment complaint, the employee shall forward it to the appropriate grievance coordinator. All District employees must receive training on their reporting duties.

Policy Training and Dissemination

The Board authorizes the Superintendent to develop discrimination and harassment awareness training for students and employees. In addition, the Superintendent shall display this policy and complementary grievance procedures in a prominent place in each district building and publish it in student and employee handbooks.

Grievance Coordinators

The Title IX Coordinator's responsibilities include overseeing the District's response to Title IX reports and complaints and identifying and addressing any patterns or systemic problems revealed by such reports and complaints. The Title IX Coordinator must have knowledge of the requirements of Title IX, of the District's policies and procedures on sex discrimination, and of all complaints raising Title IX issues throughout the District. To accomplish this, the Title IX Coordinator must be informed of any report or complaint raising Title IX issues, even if the report or complaint was initially filed with another individual or office or if the investigation will be conducted by another individual or office. The Board designates Kara Munro, Superintendent, or designee, as the Title IX Coordinator. He/She may be contacted at: McClusky-Goodrich Public School, PO Box 499, McClusky, ND 58463, kara.munro@k12.nd.us, or 701-363-2470.

The 504/Title II Coordinator's responsibilities include overseeing the District's response to disability discrimination reports and complaints. The 504/Title II Coordinator must have knowledge of the requirements of Section 504 and Title II, of the district's policies and procedures on disability discrimination, and of all complaints raising Section 504/Title II issues throughout the District. To accomplish this, the 504/Title II Coordinator must be informed of any report or complaint raising Section 504/Title II issues, even if the report or complaint was initially filed with another individual or office or if the investigation will be conducted by another individual or office. The Board designates Kara Munro, Superintendent, or designee, as the 504/Title II Coordinator. He/She may be contacted at: McClusky-Goodrich Public School, PO Box 499, McClusky, ND 58463, Kara.munro@k12.nd.us, or 701-363-2470.

The Nondiscrimination Coordinator's core responsibilities include overseeing the District's response to discrimination and harassment reports and complaints that do not include sex or disability, but instead the other protected statuses. The Board designates Kara Munro, Superintendent, or designee, as the Nondiscrimination Coordinator. He/She may be contacted at: McClusky-Goodrich Public School, PO Box 499, McClusky, ND 58463, Kara.Munro@k12.nd.us, or 701-363-2470.

The Title IX, 504/Title II, and Nondiscrimination Coordinators, and any other school official responsible for the investigation of discrimination complaints, shall receive training. This training must include (1) the definition of discrimination, harassment, and retaliation; (2) the handling of complaints under the Discrimination and Harassment Grievance Procedure (AAC-BR); and (3) the applicability of confidentiality requirements.

DISCRIMINATION & HARASSMENT GRIEVANCE PROCEDURE

The following procedure is designed to resolve discrimination, harassment and retaliation complaints by and against students, parents, and third parties, as described in board policy, in a prompt and equitable manner. Board policy requires all students and staff to fully cooperate when asked to participate in a discrimination, harassment, or retaliation investigation. The procedure contained in this regulation supersedes the district's policies regarding complaints about personnel and bullying.

Retaliation Prohibited

The District prohibits retaliation for an individual's participation in and/or initiation of a discrimination and/or harassment complaint investigation, including instances when a complaint is not substantiated. The consequences for violating this prohibition are delineated in the Nondiscrimination and Anti-Harassment Board Policy, coded AAC.

Complaint Filing Format and Deadlines

A complaint may be filed verbally or in writing and should be filed as soon as possible after the discrimination, harassment, or retaliation allegedly occurred. Delays in filing a complaint may cause difficulties in the investigation.

With Whom Complaints May be Filed

A complaint may be filed with any District employee. District employees are required to report any discrimination or harassment to the appropriate grievance coordinator (Title IX, 504/Title II, or Nondiscrimination) when they knew (e.g., received a complaint, directly observed it) or should have known it was occurring (e.g., overheard students talking about an incident, saw discriminatory or harassing graffiti or vandalism on school property). Failure by a District employee to report under this regulation may result in disciplinary action.

Initiating Complaint Resolution Procedure

After receiving a discrimination and/or harassment complaint or gaining knowledge of potentially discriminatory and/or harassing conduct, the appropriate grievance coordinator shall contact the complainant, determine if an informal or formal investigation is appropriate, and determine if the complainant requests confidentiality. Requests for confidentiality must be handled in accordance with policy AAC.

Prohibition on Meeting with the Accused

At no time during the informal or formal resolution process shall the complainant be required to meet with the accused. If the appropriate grievance coordinator assigned to conduct or oversee the investigation is the accused, the Superintendent, or Board President (if the Superintendent is the accused) shall designate a different individual (which may be a third party) to carry out the accused's responsibilities associated with the investigation.

Third-Party Assistance

A school official responsible for conducting or overseeing discrimination and/or harassment investigations is authorized to receive assistance from the district's legal counsel throughout the process.

Investigation Timeframes

The informal resolution procedure must be completed within 30 days of a District employee reporting the complaint or incident to the appropriate grievance coordinator, unless the investigator documents reasons for delays and communicates these reasons to the complainant and accused.

The formal resolution procedure must be completed within 60 days of a District employee reporting the complaint or incident to the appropriate grievance coordinator or a complainant or accused terminating the informal complaint procedure, unless the investigator documents reasons for delays and communicates these reasons with the complainant and accused. Acceptable reasons for delays include extended school breaks when witnesses are not available, and complex cases involving multiple witnesses.

Interim Measures

Pending the final outcome of an informal or formal resolution, the District shall institute interim measures to protect the complainant and inform him/her of support services available. Interim measures may include a district-enforced no contact order, schedule changes, academic modifications for the complainant, and/or school counseling for the complainant. These interim measures should have minimal impact on the complainant. If the accused is a student, interim measures should also take into consideration the accused student's educational rights.

Informal Resolution Procedure

This procedure may only be used when mutually agreed to by the complainant, the accused and the appropriate grievance coordinator. This procedure may not be used when the alleged discrimination and/or harassment may have constituted sexual violence or any other crime. The formal resolution procedure must be used whenever the informal procedure is not permitted.

During the informal resolution process, the investigator shall gather information necessary to understand and resolve the complaint. Based on this fact-gathering process, the investigator shall propose an informal resolution, which may include requiring the accused to undergo training on discrimination and/or harassment, requiring all students and staff to undergo such training, instituting protection mechanisms for the complainant, and/or holding a formal meeting with the accused to review the nondiscrimination and anti-harassment policy and discuss the implications of violating it. Both the complainant and the accused must agree to the informal resolution before it can be instituted.

The appropriate grievance coordinator shall monitor the implementation and effectiveness of the informal resolution procedure and initiate the formal resolution procedure if discrimination and/or harassment persists.

Both the complainant and the accused have the right to terminate the informal resolution procedure at any time to pursue a remedy under the formal resolution procedure.

Formal Resolution Procedure

This procedure must be used whenever the informal resolution procedure is not used.

Whenever alleged discrimination or harassment may have constituted a crime, the Superintendent should contact law enforcement and enter into a memorandum of understanding concerning sharing of evidence and coordination of the investigation. However, the District shall proceed with its investigation and this resolution procedure, regardless of the criminal investigation or outcome.

The fact-gathering portion of the investigation must be carried out or overseen by the appropriate grievance coordinator and must consist of interviews with the complainant, the accused, and any others who may have witnessed or otherwise have knowledge of the circumstances giving rise to the alleged complaint and may involve gathering and review of information relevant to the complaint. Both the complainant and accused will have equal opportunity to present evidence and name witnesses. Witnesses must be instructed not to discuss this matter with others.

The fact-gathering portion of the investigation must be completed as soon as practical

Investigation Report:

After the fact-gathering process is complete, under the formal resolution procedure, the appropriate grievance coordinator shall complete a written report containing a determination of whether allegations were substantiated, whether the nondiscrimination and anti-harassment policy was violated, and recommendations for corrective action, if any. The appropriate grievance coordinator shall assess if discrimination and/or harassment “more likely than not” occurred based on the following criteria:

1. Whether evidence suggests a pattern of conduct supportive of disproving the allegations of discrimination and/or harassment or discrimination;
2. Whether behavior meets the definition of discrimination, harassment, and/or sexual harassment as defined in board policy;
3. Ages of the parties involved;
4. Relationship between the parties involved;
5. Severity of the conduct;
6. How often the conduct occurred, if applicable, and;
7. How the District resolved similar complaints, if any, in the past.

The investigation report must indicate if any measures are to be instituted to protect the complainant. Such measures may include extending any interim protection measures taken during the investigation. The report must also inform the complainant of support services available, which at a minimum must include offering school counseling services if the complainant is a student.

The investigation report must contain a monitoring plan to evaluate the effectiveness of the resolution and help prevent recurrence.

Disciplinary Action

Any disciplinary action must be carried out in accordance with board policy, law, and, when applicable, the negotiated agreement.

The appropriate grievance coordinator along with the building Principal shall determine if a recommendation for expulsion for an accused student should be made.

The appropriate grievance coordinator along with the District Superintendent shall determine if a recommendation for discharge for an accused employee should be made.

If this recommendation is made and a hearing is required, the hearing must be held in accordance with district policy and law.

Both the complainant and accused shall have an equal right to attend the hearing, have a representative and parent (if student) present, present evidence, and question witnesses.

The complainant may choose to appoint a representative to participate in the hearing in his/her stead.

Notice of Outcome

Both the complainant and the accused must be provided written notice of the outcome of the complaint.

Nothing shall prevent the parties from seeking judicial redress through a court of competent jurisdiction or through any applicable state or federal complaint procedures.

Investigation Materials

Investigation materials must be retained by the appropriate grievance coordinator (Title IX, 504/Title II, or Nondiscrimination) for at least six years.

PERMANENT RECORDS

Permanent record folders are on file in the superintendent's office. They are the official records of what the student has done to date in school. The parent or guardian may request to inspect their children's cumulative file in the presence of an administrator. This includes all data that is in each folder, (such as family background information, aptitude tests, intelligence test scores, and academic work completed, etc.). The parents have the right to challenge the contents of the school folder if they so desire. If so desired, a hearing may be held with the school superintendent. If the parent is not satisfied as a result of this hearing, they may meet with the McClusky-Goodrich Public School Board of Education.

TEACHERS' WORKROOM

1. No students allowed in teachers' workroom without staff permission.
2. Students are not allowed to use copier without staff permission.

STUDENT CODE OF CONDUCT

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of district schools. No code can be expected to list each and every offense, which may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition

of a certain disciplinary action. Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education.

Conduct Standards

Students will be expected to conduct themselves in a manner fitting their age level and maturity, in a manner that will not impede on the orderly conduct of district schools, and will be expected to respect the rights of others on district property, including, but not limited to, district owned/leased/chartered vehicles, at school-sponsored events, and off-campus when student conduct has or is reasonably predicted to have a substantially disruptive effect on district operations and/or the educational environment.

Disciplinary Standards

Consequences for misconduct will be fair and developmentally appropriate in light of the circumstances. The Superintendent shall develop age-appropriate disciplinary standards in consultation with principals and other applicable district personnel. In addition, the Superintendent shall develop administrative regulations to assist administrators/their designees with investigating potential conduct violations.

Disciplinary policies, procedures, and guidelines need not be identical in content district wide but must:

1. Be identical in content for all district elementary schools;
2. Be identical in content for all district high schools.

Disciplinary Standards for Special Education Students

District employees are required to comply with the Individuals with Disabilities Education Act when responding to violations of student conduct standards by special education students.

Prohibited Disciplinary Actions

The Board recognizes that reasonable physical force may occasionally be necessary to guard the safety and well-being of students or employees or to deliver a student to an administrator's office; however, the use of corporal punishment, defined as the willful infliction of physical pain on a student, is not allowed in the McClusky-Goodrich Public School District. Corporal punishment does not include action taken by an employee for self-defense, protection of persons or property, obtaining possession of a weapon or other dangerous object, to quell a verbal disturbance, for the preservation of order, or pain or discomfort caused by athletic competition or recreational activities voluntarily engaged in by a student.

Complaints alleging that a district employee inflicted corporal punishment will be dealt with in accordance with school board policy on personnel complaints.

Disciplinary Authority

Regulations on disciplinary standards and investigation procedures shall delineate the degree of disciplinary authority that the District shall grant to teachers and principals.

Other school personnel shall be granted disciplinary authority by the Administration on a case-by-case basis based on the nature and scope of the employee's duties. Personnel granted such authority shall be required to comply with this policy and any disciplinary authority limits established by regulations. Employees unauthorized to administer student discipline shall report student misconduct to the appropriate school authority.

Any district employee who acts outside the scope of his/her assigned level of disciplinary authority may be subject to disciplinary action, including but not limited to, discharge from/termination of employment in accordance with law and/or the negotiated agreement.

FACILITY SCHEDULING

The School Board wishes to have the facilities used for worthwhile community activities. Arrangement for use must be made through the Business Manager's office to avoid conflicts with educational programs.

SCHOOL DANCES

A dance is allowable if it meets the following criteria:

- 1) Held on Friday or Saturday night.
- 2) Lasts no later than midnight.
- 3) Once a student leaves the building, he/she will not be allowed to return.
- 4) Teacher/advisor and one parent(s) chaperone, as approved by the administration.

VALUABLES/MONEY

Students are asked not to bring valuables and/or money to school unless necessary. If necessary, leave valuables and/or money in the office or in the school vault. The school is not responsible for valuables and/or money left in the lockers.

VEHICLE USE

Students have the opportunity to leave the school building, drive to the elementary for lunch (or home, the FlyWay 200, etc.) without adult supervision during the common lunch/noon period and for the work experience program. Students are responsible for arriving to school on time and before the bell rings, otherwise, they are considered tardy and will earn detention after a one-time warning. This driving privilege may be revoked if violated. The District is not responsible for any accidents that may occur when students leave school campus.

STUDENT AND CIVIL RIGHTS

All students have rights as citizens of the United States. All students have a right not to be discriminated against. Knowing your rights under the Federal Civil Rights Laws is an important thing; however, it is just as important to realize you have responsibilities under those Civil Rights. Your first responsibility is yourself to become aware of your rights under the law. You are also responsible for protecting these rights for yourself, your friends, and classmates. You are responsible for being fair, honest, and reasonable in exercising your rights under the federal laws.

Keep in mind most school officials and teachers do not want to take away the rights of students. However, they have many state and federal laws to follow. Each law has its own set of rules and

regulations that can be very confusing. Violations or lack of following proper procedures may be due to a lack of information rather than a refusal to obey the law. School officials and teachers will probably be learning right along with you the proper way to handle a situation involving discrimination.

Remember that it is okay for people to disagree. However, it is not okay for people to break the law. People are often not aware that what they may be saying or doing is against the law. It is your responsibility to assist your school officials into bringing your school into compliance with the federal laws, which protect our rights and, the rights of others.

STUDENT PUBLICATIONS & FREEDOM OF EXPRESSION

School-sponsored media, as defined by NDCC 15.1-19-25, shall be supervised by a student media advisor but shall not be reviewed by an administrator unless the publication is believed to contain restricted content as listed below.

The following material is prohibited from being published in school-sponsored media:

1. Material that is profane or pornographic
2. Material that is slanderous or libelous in nature
3. Material that infringes or may infringe on the privacy rights of others
4. Material that violates federal or state law, promotes violence, terrorism, or other illegal activities including, but not limited to, material that promotes tobacco and/or drug and alcohol use by minors
5. Material that is reasonably forecasted to materially and substantially disrupt the educational environment
6. Material that violates or incites the violation of policy including, but not limited to, the district's policies on bullying and harassment
7. Material that poses a direct safety threat to the District, its students, and/or staff

A decision to prohibit publication and distribution of a student publication with restricted content shall be made by the building principal and may be appealed to the Superintendent. The Superintendent shall investigate and issue a decision in a timely manner. The Superintendent's decision is binding.

Rationale for Regulating Possession & Use

The health hazards of tobacco use have been well established. This policy is established to:

1. Reduce the high incidence of tobacco use in North Dakota.
2. Protect the health and safety of all students, employees, and the general public.
3. Set a non-tobacco-use example by adults.
4. Assist in complying with smoking restrictions in state and federal law (NDCC 23-12-10 and 20 U.S.C. 7973).

Tobacco use is the leading cause of preventable death and disability in North Dakota. To support and model a healthy lifestyle for our students, the McClusky-Goodrich School Board establishes the following tobacco-free policy.

Use & Possession Prohibitions

1. **Students:** Possession and/or use of tobacco products by students on school property is prohibited at all times.
2. **Staff/Visitors:** The use of tobacco products by all school employees and visitors on school property is prohibited.

This policy includes all events on school property that are not sponsored by, or associated with, the school at all times.

Communicating to Students, Staff, & Public

This policy will be printed in employee and student handbooks. The District shall comply with all smoking prohibition posting requirements in NDCC 23-12-10.4 and post such notices in other highly visible places in all district schools and property, such as, but not limited to: school playgrounds, athletic fields and school-sponsored events (on district property). Parents will be sent notification in writing, and the local media will be asked to communicate this tobacco-free policy communitywide.

Responsibility for Violations

All individuals on the district's premises share in the responsibility for adhering to and enforcing this policy. The Superintendent shall develop regulations for the enforcement and implementation of this policy.

Tobacco Cessation Services

Individuals requesting assistance with tobacco cessation services will be referred to NDQuits, the North Dakota Department of Health multi-media tobacco cessation program. This is a free cessation service provided to citizens of North Dakota.

STUDENT ALCOHOL & OTHER DRUG USE/ABUSE

This policy pertains to alcohol and other drug use/abuse. Tobacco use is defined in a separate policy (see ABBA.)

Philosophy

The McClusky-Goodrich Public School shall strive to provide a learning environment that is safe, drug free, and conducive to learning. This policy is designed to help eradicate the influence of drugs and alcohol within the school environment, promote awareness and health, and protect students in the school environment by imposing consequences for drug and alcohol related violations.

Prohibited substances include, but are not limited to:

1. Alcohol, powdered alcohol, or any alcoholic beverage as defined in NDCC 5-01-01;
2. Any controlled substance or dangerous drug as defined by NDCC Sections 19-03.1-05 through 19-03.1-13 and 19-03.1-26 (paraphernalia) or as defined by Section 812, Schedules I-V, of Title 21, United States Code, Section 801, et seq., including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant or depressant, and all other illicit drugs;

This policy applies to any student who is on school property, or whose off-campus conduct is reasonably predicted to substantially disrupt the operations of the District, district safety, or welfare of students or employees.

Reporting Violations

A student or staff member that has reason to believe that a student has violated this policy shall notify a school official (i.e., a teacher or administrator if the reporter is a student; a school administrator if the reporter is a district staff member). Except in limited circumstances under law,⁴ a teacher is required to report known or suspected violations of this policy to the Superintendent or designee.

Violation

When a principal/Superintendent has reasonable suspicion that a student has violated this policy, they may search the student in accordance with the district's policy on searches of students' person or personal property.

Such searches shall not include referral for mandatory alcohol/drug testing.

These sanctions may include suspension or expulsion, intervention (as described below), and notification of proper authorities for prosecution. Prohibited substances will be confiscated and illegal substances will be turned over to law enforcement authorities.

Intervention

It is acknowledged that the public school has neither the authority nor the responsibility to make medical or health determinations regarding chemical dependency; however, when observed behavior indicates that a problem exists that may affect the student's ability to learn or the educational climate of the school, the school has a right and a responsibility to refer the student for a formal chemical dependency diagnosis. The Superintendent shall develop a procedure for chemical dependency identification and referral for treatment.

Referral for treatment shall be a constructive not punitive action; however, use of the treatment program shall not override or prohibit the District from taking disciplinary action for violations of this policy.

The school will make a reasonable effort to cooperate with a therapy program if one is recommended for the student. The school will have the option of requiring that the student attend the suggested therapy as a condition for continuing to attend school. The Board believes that if a student is involved in a chemical dependency program and is successfully addressing their harmful involvement with chemicals, they may be allowed to continue in the regular school setting and
